Structure:

1. Introduction - let them listen and follow the actions

2. Daily Conversation and Song - Ask your kids one question at a time. You can ask them 2-3 questions or you can do all the conversations at once. Either way is okay. This is good for one month lesson.

Review - ask the learner 3 words that has the letter sound you learnt and ask again daily conversation questions.

1. Music helps us retain words and expressions much more effectively. The rhythm of the music, as well as the repetitive patterns within the **song**, help us memorize words.
 2. Repetition leads to fluency. We encourage the parents to review the conversations discussed in the class in order to retain phrases and sentences. This will enable the kids to speak more naturally wherever they are.
